

Valentín Durán Werneke

Brand video and characters, made with AI.

I'm a third-year BA (Hons) Marketing student at York St John University. I make video and imagery with AI, using my own system that runs fal.ai models on rented cloud GPUs, automated with code.

Línea 013 Cerramientos

AI video creator for an enclosures company.

Catalogue enclosure showcase

AI video

Product

An AI video presenting one enclosure type from the company's catalogue. Internal piece, not published.

[Watch the video →](#)

Virtual influencer

Personal project: one AI-generated character, kept recognisable across different scenes, outfits and places. All images are AI-generated.
